

GELAVision

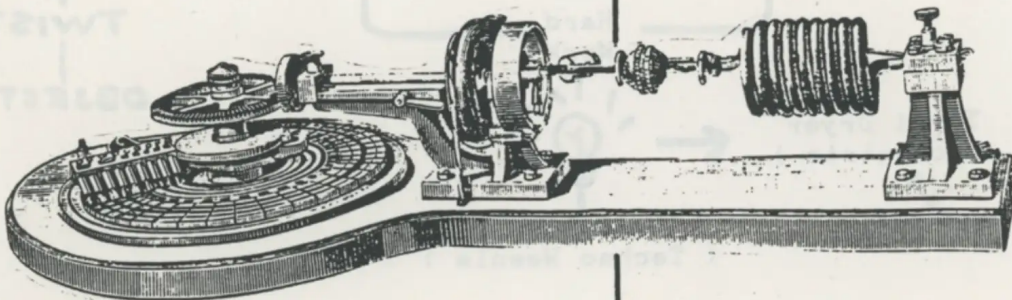

It's new and it's the term The Gel Squad conceived for our visual projects in the works. It's to be another cog in the Gelatinous Industries wheel. It was the next obvious progression for us, to branch into a medium that could let us fully exploit the pop culturama we loathe, and brainwash you at the same time.

"Lust for Larvae" ^{That} is the first Gelavision victim, has been released for sale and promo on Beta, VHS, & 3/4" U-matic.

We then are branding into film our own exclusive way, with Pixelvision. It'll be like nothing you've seen before (nor wanted to). Yup, we've secretly crept into your brain and pulled a festering blob of puss and put it in The Delapitated Hermaphrodite, an eight minute short film about a lonely guy with a big problem. Nope, don't come looking for this one, it'll find you.

Gelatinous Citizen has contracted a virus known as Lewis Francis. Lewis and Ferd have banging their heads together for about nine months now, and are to give birth to an album anytime. We'll keep you updated! In the interim, if you want to send Lewis or Ferd some mail (hint), do so in care of Gel. Records.

Gelatinous citizen goes cable.

Memorial day weekend, join us in a visual adventure as G.C. makes its second tv appearance on the Larz from Mars show. on Media General Cable channel 10, FCAC. their current video "Lust For Larvae" will air, and we'll get a peak into Ferd's subterranean studio! Ooh-scary!!

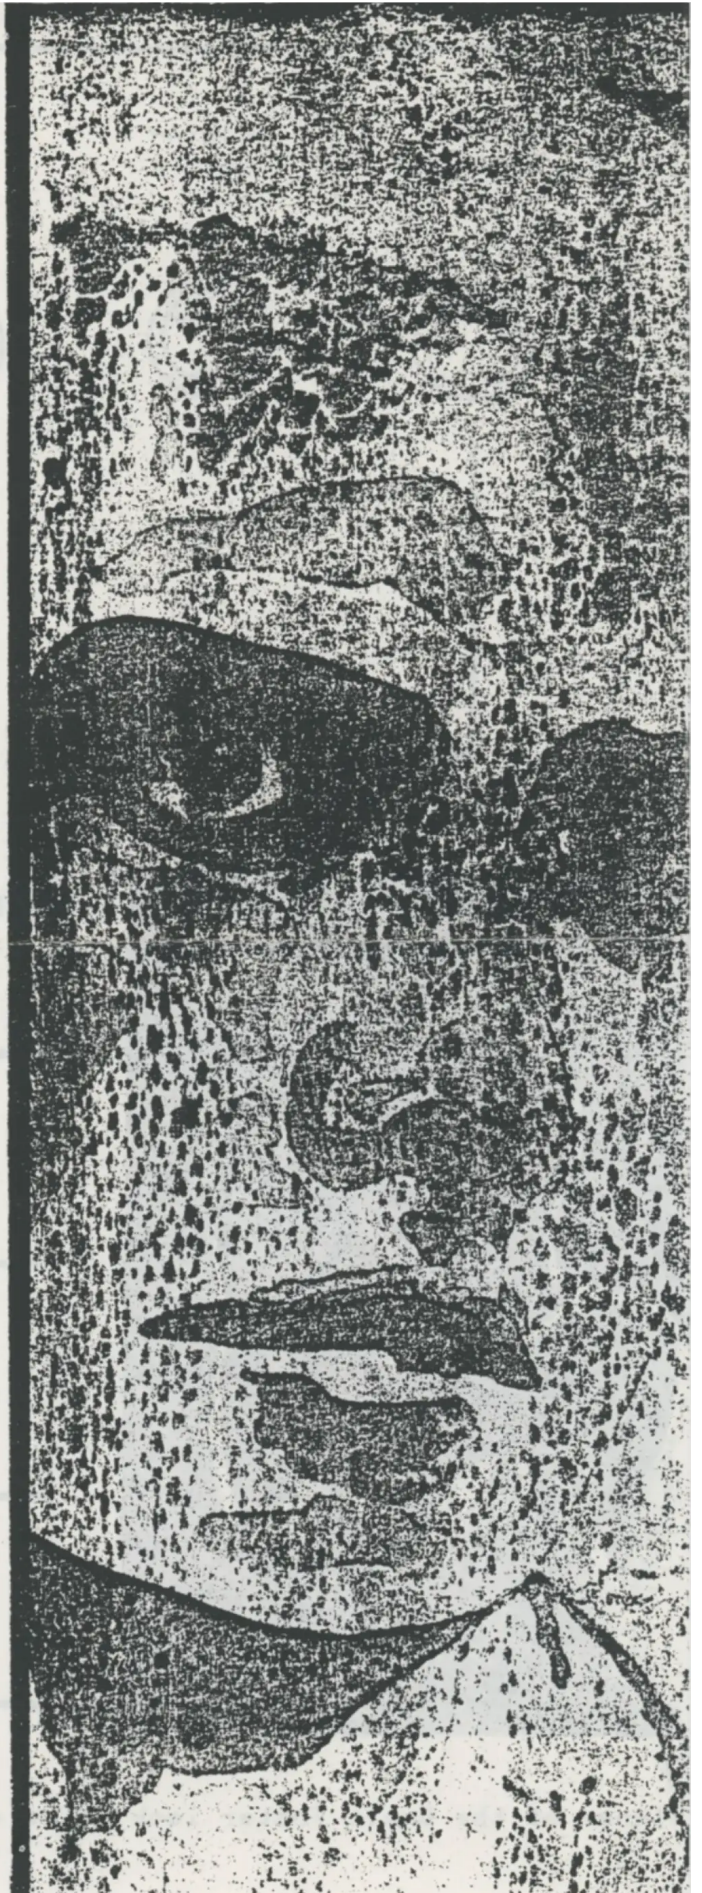

It'll be airing twice, saturday, May 28 at 10:30 PM, and sunday, May 29 at 5:30 PM.

In addition, you'll be able to catch the 2nd installment of Terri's toy corner! Dontcha dare miss it.

COMPOUND - n. 1) Formed by the combination of two or more otherwise independent elements.

In our application, it means the joining together of three musicians with varied influences for the purpose of fusing talents by mail.

The trio of Andy, Lewis, and Ferd are currently shopping around the project to prospective labels in hopes that their three song EP will be strongly received. Songs included are: "Crimes of Horror", "Hello Al", and "The Untitled Channeling Song". WE will be welcoming Andy down to the D.C. area for the final mix-down of the record, on June third. Can't wait to have ya', dude.

EARS TO THE GRINDSTONE

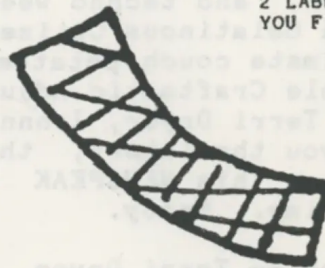

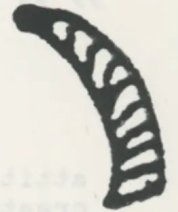

The Ears to the Grindstone compilation album was such a vast success that - yes, you got it - they're doing it again (and again, and again, hopefully). Andy Szava-Kovats of K. O. City Studios and Ferd of Gelatinous are teaming up a second time to produce another piece of vinyl history. This Ears II will follow along the same vein as it's predecessor - it'll bring to light some quality musicians, and give another good taste of what the underground gods can serve up.

Andy and Ferd simply solicited among their networking ties as to who was up for another compilation. There still remains two slots out of ten open. If you're interested, tapes go to Andy, inquiries to Ferd.

PAUL'S ONLY HOPE IS . . .

LUST FOR LARVAE

Parasitic fundamentals, the posthumous queen

Masterful yet hipnagogic, twisted and unholy

Workers under watchful eyes governed by no force alive
Anathema of many cultures, core of hell's own factory

Chemoguille: a gaping breach in your mind's walls

Vaulting through your mind's walls

Pheromone echoes guide us through

The chasm of pure darkness

Our blood is on its weary voyage

through jagged veins to open mouth

Life once mine has been absorbed

Through bile spewed forth from hunger

Entranced providers hunt down prey

Paralyze them with their sting

Masticated human flesh enticed by smell you salivate

Suck them dry steal their souls utilize the remains

Of several hundred thousand corpses

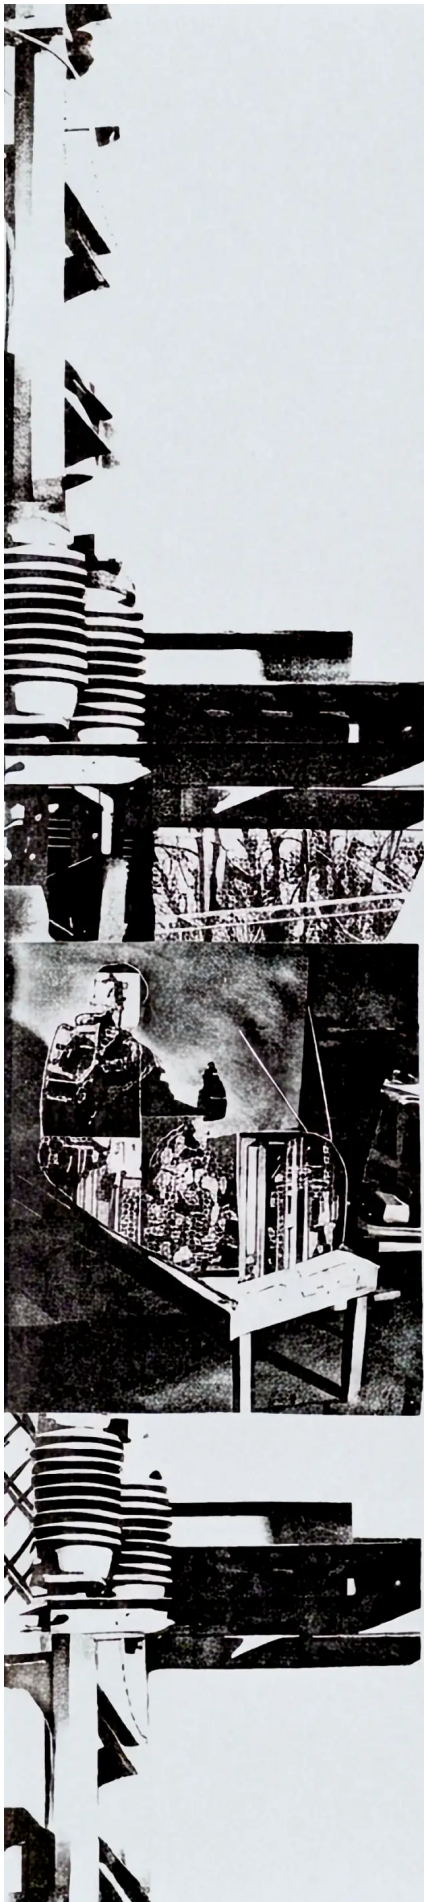

Ossified to construct domain

Within the walls of the hive made from carcasses of past lives

Scandalous excrement of bone, sinew, hair and hide

Assembly line of lies unhatched a product of your sordid mind

LI LUST FOR LARVAE with avarice and gluttonous pride!
